## NS4500 Series

### Slip Resistant Resilient Safety Tape

NS4500 Series unique co-polymer construction provides heavy duty slip resistance on par with most highly abrasive products, yet is soft to the touch. Because it is made of a rubberized material, it is comfortable for bare foot traffic, yet tough enough to withstand heavy boot, shoe, or cart traffic. Engineered as a premier performer, NS4500 resilient is a perfect solution for helping to prevent slips and falls on most industrial and commercial applications. NS4500 series is very conformable.

### Feature

### Benefits

|                                   |   |
|-----------------------------------|---|
| <b>Quality Raw Materials</b>      | Long life and durable.  |
| <b>Textured Resilient Surface</b> | Soft texture, slip resistant, comfortable to bare feet.                             |
| <b>Easy Installation</b>          | Simply position, peel-off the backing, and apply to a clean, dry, oil free surface. |
| <b>Low Profile</b>                | Prevents edge curl.   |

## Kinetic Coefficient of Friction

| Non-Skid Material       | Leather | Wet Rubber | Wet Leather | Rubber |
|-------------------------|---------|------------|-------------|--------|
| NS4510B Resilient-Black | 0.58    | 1.18       | 0.84        | 1.06   |
| NS4520G Resilient-Gray  | 0.58    | 1.18       | 0.84        | 1.06   |
| NS4550C Resilient-Clear | 0.58    | 1.18       | 0.84        | 1.06   |

**NS4500 Series  
Slip Resistant  
Resilient Safety Tape**

**Testing Method:** ASTM D1894-95 Kinetic Coefficient of Friction Testing 7/97

Manufacturing Process for Safety Tapes

## NS4500 Resilient Series Standard Roll Size & Packing

- 1"x60' Roll (12 rolls/case)
- 2"x60' Roll (6 rolls/case)
- 3"x60' Roll (4 rolls/case)
- 4"x60' Roll (3 rolls/case)
- 6"x60' Roll (2 rolls/case)
- 12"x60' Roll (1 rolls/case)
- 18"x60' Roll (1 rolls/case)
- 24"x60' Roll (1 rolls/case)
- 36"x60' Roll (1 rolls/case)
- 48"x60' Roll (1 rolls/case)
- 6"x24" (50 pcs/case)
- 6"x24" (10 pcs/case)

## TECHNICAL DATA

|                                 |  |
|---------------------------------|--|
| <b>Surface Compatibility:</b>   | Painted wood, painted metal, sealed concrete   |
| <b>Application Temperature:</b> | Apply when above 50° F   |
| <b>Storage Life:</b>            | 1 Year @ 72° F/50% relative humidity   |
| <b>Standard Sizes:</b>          | Roll Lengths: 60'<br>Roll Widths: 1", 2", 3", 4", 6", 12", 18", 24", 36", 48"<br>Die Cut: 6" x 24"<br>Custom die cuts and other sizes available on request |
| <b>Available Colors:</b>        | Black, Gray & Clear  |

Custom colors available upon request

**Limitations of Liability:** N S P's liability on any claim of any kind, including claims based upon N S P's negligence or strict liability, for any loss or damage arising out of, connected with, or resulting from the use of the products, shall in no case exceed the purchase price allocable to the products or part thereof which give rise to the claim. In no event shall N S P be liable for consequential or incidental damages.

\*All information and testing is based on our best experience and knowledge and does not constitute a warranty of products sold. All materials are sold with the understanding that the user will independently determine suitability of the end use. We recommend customers test bondability immediately upon lamination or after aging either accelerated or after a period of time.

No Skidding® products are in use around the world in hotels, warehouses, factories, shopping malls, public transit systems, airports, hospitals and senior care, office complexes, restaurants, day care, schools, fitness clubs, government and military facilities.

**The most complete range of slip injury prevention products in the World.**
