

## Industrial Heavy-Duty Grit Tape and Cleats

No Skidding® Heavy-Duty Industrial Grit Tape and Cleats are engineered for heavy-duty industrial environments including offshore marine applications, oil & gas rigs, heavy traffic areas, work areas, loading docks, stairways, ramps & walkways, bleachers, power equipment, the transportation industry and OEM applications. Our heavy-duty adhesive is designed to withstand some of the toughest environments where slip-and-fall prevention is required. No Skidding® Heavy-Duty Industrial Grit Tape and Cleats are ideal for tough applications. They offer the same slip-resistance as aggressive industrial anti-slip paint coatings with the ease of application of a peel and stick tape or cleat. These tapes are manufactured from a proprietary formula traction grit that is embedded into the product. These extremely durable tapes and treads are specifically developed to out-perform standard anti-slip tapes.

### Features:

Available in Safety Yellow or Black.  
Available in Standard & Coarse Grit Surfaces.  
Coarse is a blended combination of 8,16,30 grits.  
Standard is a blend of 20, 30 grits.  
Superior bonding properties with stronger adhesive compared with conventional anti-slip tapes.  
Multi-layer process embeds the grit for longer product life.  
Simple peel and stick application.  
Easy to cut and trim.  
Useful temperature range of -40°F to +140°F (-40°C to +60 °C) (when applied properly per installation instructions).  
Will tolerate steam cleaning, detergent cleaning, low PSI pressure washing.  
Resistant to oil, grease, saltwater or alkali exposure under normal conditions.  
Exceeds OSHA and ADA recommendations for Coefficient of Friction.  
Manufactured in North America.  
Shelf Life: Two years.

# No Skidding®

PRODUCTS INC.

### Suggested Uses Include:

- Offshore Marine
- Oil & Gas Rigs
- Heavy Traffic Areas
- Work Areas
- Loading Docks
- Stairways, Ramps & Walkways
- Bleachers & Stadiums
- Power Equipment (Large & Small)
- Trucks
- Military
- Transportation
